

Workshop

Garching, June 27 – July 1 2005

Grid and Web Services Tutorial Summary

Paul Harrison, André Schaaff

ESO, CDS

< pharriso@eso.org >

The Tutorial

- Too much stuff!
 - Only time for the basic track
 - We had to make adjustments
 - But CD contents make a great resource
- Purely technical
 - Needed familiarity with tools to work at the pace we imagined
 - No astronomy

The Students

- They were understanding
- Got better in later sessions
- Roll of Honour
